

Summer Camp

Fast Chess Frenzy!

Today it's all about playing your best! Create a 'mini tournament' vibe by encouraging your player to wear a silly hat or accessory (crown, cape) and decorating a name badge.

Encourage your player to play 5-7 Fast Chess games against real kids from around the world.

Matches are timed, so they learn decision making under pressure!

Keep track of your wins, losses, and draws.

Bonus challenge

Win or lose, have your player pick their most interesting move in each game and explain it. Ask them to pick their favorite move of the day and draw or reenact it with chess pieces or their favorite props.

Tip

Set up a friendly competition with a friend or family member who also uses ChessKid to encourage sportsmanship and fun.
