

# Summer Camp: Secret Mission

## Play Over the Board #7

CODENAME: THE FINAL MISSION

You've downloaded the app, built your avatar, solved puzzles, battled bots, played fast chess, and debriefed like a pro. Now it's time to complete your training and become a true ChessKid Secret Agent!

### Mission Briefing

Find a friend, sibling, classmate, or family member to play a game of chess in person. Set up a real chess board and play without screens or hints, just you and your opponent. Play outside if you can. A backyard, a park, anywhere the sun is shining!

### Bonus challenge

Recruit a new agent! Teach someone who has never played chess before. The best agents don't just master their skills, they share them!

### ChessKid HQ Tip

No chess board? No problem! A great agent always improvises. Print one out or draw one yourself.

### Parent/Counselor Tip

Challenge your camper to a game outside. Win or lose, you're making a memory, and they just might teach you something new.
