

Summer Camp: Secret Mission Puzzle Power Up! #3

CODENAME: THE STREAK

Every great agent trains before heading into the field. Today's mission? Sharpen your mind with ChessKid puzzles! Pattern recognition can be the difference between checkmate and defeat.

Mission Briefing

Set a timer for 10 minutes. Solve as many puzzles as you can without missing one. Track your streak! One wrong move and the streak resets. Agents don't give up, instead they start again!

Bonus challenge

Give your streak a secret codename like Checkmate Sprint or Rook Run.

Design your own agent badge with your new streak title on it.

ChessKid HQ Tip

A longer streak means a sharper agent, so celebrate every milestone!

Parent/Counselor Tip

Challenge your camper to beat their own streak each round. Remind them that even the best agents fail before they succeed. Perseverance is the real mission!
